

**02 NCAC 34 .0308            DISPLAY OF CERTIFIED APPLICATOR'S IDENTIFICATION CARD**

A certified applicator's identification card shall be provided annually to each certified applicator at the time of the renewal of his certified applicator's identification card. If a certified applicator is employed by a licensee, his certified applicator's identification card shall bear his employer's license number and phase(s) and expire when his employer's license expires. Each such certified applicator's identification card shall bear only one license number, one company name, and not more than three license phases. The certified applicator's identification card shall be carried on the person of the certified applicator at all times when performing any phase of structural pest control work. A certified applicator's identification card shall be displayed upon demand to an inspector, the Committee or its authorized representative, or the person for whom any phase of structural pest control work is being performed.
