Risk Category I applies to food service establishments that prepare only non-potentially hazardous foods.

Risk Category II applies to food service establishments that cook and cool no more than two potentially hazardous foods. Potentially hazardous raw ingredients shall be received in a ready-to-cook form.

Risk Category III applies to food service establishments that cook and cool no more than three potentially hazardous foods.

Risk Category IV applies to food service establishments that cook and cool an unlimited number of potentially hazardous foods. This category also includes those facilities using specialized processes or serving a highly susceptible population.

(2) Provisions for investigating complaints and suspected outbreaks of illness associated with food, lodging, and institutional facilities, and public swimming pools. Corrective actions shall be taken in cases of valid complaints and confirmed outbreaks of illness.

Provisions for keeping records of activities described in Subparagraphs (1) and (2) of this Paragraph.
(b) A local health department shall establish, implement, and maintain written policies for the provision of sanitation education for food service personnel and orientation and in-service training for Environmental Health Specialists. The policies shall include the following requirements for Environmental Health Specialists providing food, lodging, and institutional sanitation services:

- (1) Completion of the centralized training course provided by the Division for newly employed Environmental Health Specialists;
- (2) Compliance with Delegation of Authority as stated in 15A NCAC 010 .0100; and

(3) Compliance with the Board of Sanitarian Examiners' requirements.
