  - (A) Independent monitoring of the industrial user by the control authority is not required for pollutants that are limited by a categorical standard for which specific certification or other alternative procedures apply where the industrial user submits the required documentation for that certification or procedure, even if the industrial user chooses to monitor in addition to using certification or other alternative procedures;
  - (B) The minimum frequencies in this Subparagraph shall be reduced by half, as set forth in 403.8(f)(2)(v)(C), for all permit-limited parameters for a significant industrial user determined by the control authority, subject to approval under Rule .0907 of this Section, to fit the criteria of a middle tier categorical industrial user under 40 CFR 403.12(e)(3); and
  - (C) For categorical parameters with monitoring waived under 40 CFR 403.12(e)(2), a minimum of once during the term of the applicable significant industrial user pretreatment permit as set forth in 40 CFR 403.8(f)(2)(v)(A); and
- (2) If the control authority elects to sample and analyze in lieu of the industrial user, the control authority shall collect and analyze for the required parameters and, if applicable, in accordance with categorical standards.

(f) Records Retention:

- (1) Control authorities and industrial users shall retain for three years records of monitoring activities and results, along with supporting information including annual pretreatment reports, general records, water quality records, and records of industrial user impact on the POTW;
  - (2) Other documents required by any rule of this Section (including supporting information) for other pretreatment program elements, such as pretreatment permits (IUPs), HWAs, SUOs, ERPs, etc., shall be retained for three years after the document has expired, been updated, or replaced;
  - (3) A summary of all significant industrial user effluent monitoring data reported to the control authority by the industrial user or obtained by the control authority shall be maintained on forms or in a format provided by the Division for review by the Division; and
  - (4) Laboratory records shall be maintained as set forth in Rule .0805 of this Subchapter.
- (g) In the case where the receiving POTW treatment plant is not owned by the same local governmental organization as the control authority, all information required to be reported to the industrial user's control authority by this Section shall also be submitted to the POTW treatment plant governmental organization.
