

SECTION .1700 – CHEMICAL DISCLOSURE

15A NCAC 05H .1701 CHEMICAL DISCLOSURE REQUIREMENTS

The rules of this Section set forth the requirements of chemical disclosures for permittees, service companies, and vendors involved in oil or gas exploration and production. This Section delineates information to be posted to the Chemical Disclosure Registry at <http://fracfocus.org/>. These Rules also specify the conditions under which confidential information protections apply and the conditions under which that information may be disclosed to health professionals or emergency responders.
