

15A NCAC 18A .3618 FOOD SERVICE FACILITIES

- (a) In Resident camps, food service facilities shall include a kitchen of adequate size for the number of meals served. The facility shall be completely enclosed, of permanent construction and contain a dining hall providing protection from the elements and dust.
- (b) If camp food service is provided by contract with an outside person or camp food service is operated by an outside firm, the overall responsibility for food service sanitation remains with the camp management. The camp management shall confirm that all food provided by an outside person is approved.
