- (b) A party requesting consolidation shall serve a petition for consolidation on all parties to the cases to be consolidated and shall file the original with the hearing officer, together with a certificate of service showing service on all parties as herein required. Any party objecting to the petition shall serve and file his objections within 10 days after service of the petition for consolidation.

- (a) Discovery methods are means designed to assist parties in preparing to meet their responsibilities and protect their rights during hearings without unduly delaying, burdening or complicating the hearings process and with due regard to the rights and responsibilities of other parties and persons affected. Accordingly, parties are obligated to exhaust all less formal opportunities to obtain discoverable material before utilizing this Rule.
- (b) Any means of discovery available pursuant to the North Carolina Rules of Civil Procedure, G.S. 1A-1, is allowed. If the party from whom discovery is sought objects to the discovery, the party seeking the discovery may file a motion with the hearing officer to obtain an order compelling discovery. In the disposition of the motion, the party seeking discovery shall have the burden of showing that the discovery is needed for the proper presentation of the party's case, is not for purposes of delay, and that the issues in controversy are significant enough to warrant the discovery. In ruling on a motion for discovery, the hearing officer shall recognize all privileges recognized at law.
- (c) When a party serves another party with a request for discovery, that request need not be filed with the hearing officer but shall be served upon all parties.
- (d) The parties shall immediately commence to exchange information voluntarily, to seek access as provided by law to public documents, and to exhaust other informal means of obtaining discoverable material.
- (e) All discovery shall be completed no later than the first day of the hearing. The hearing officer may shorten or lengthen the period for discovery and adjust hearing dates accordingly and, when necessary, allow discovery during the pendency of the hearing.
- (f) No later than 15 days after receipt of a notice requesting discovery, the receiving party shall:
 - (1) move for relief from the request;
 - (2) provide the requested information, material or access; or
 - (3) offer a schedule for reasonable compliance with the request.

11 NCAC 08 .0830 MOTIONS

(a) Any application to the hearing officer for an order shall be by motion, which shall be in writing unless made during a hearing, and must be filed and served upon all parties not less than 10 days before the hearing, if any, is to be held either on the motion or the merits of the case. The nonmoving party has 10 days after the date of service of the motion to file a response, which must be in writing. Motions practice in contested cases before the Board are governed by Rule 6 of the General Rules of Practice for the Superior and District Court.

(b) If any party desires a hearing on the motion, he shall make a request for a hearing at the time of the filing of his motion or response. A response shall set forth the nonmoving party's objections. All motions in writing shall be decided without oral argument unless an oral argument is directed by the hearing officer. When oral argument is directed by the hearing officer, a motion shall be considered submitted for disposition at the close of the argument. A hearing on a motion will be directed by the hearing officer only if it is determined that a hearing is necessary to the development of a full and complete record on which a proper decision can be made. All orders on such motions, other than those made during the course of a hearing, shall be in writing and shall be served upon all parties of record not less than five days before a hearing, if any, is held.

11 NCAC 08 .0831 INTERVENTION

(a) Any person not named in the notice of hearing who desires to intervene in a contested case as a party shall file a timely motion to intervene and shall serve the motion upon all existing parties. Timeliness will be determined by the hearing officer in each case based on circumstances at the time of filing. The motion shall show how the movant's rights, duties, or privileges may be determined or affected by the contested case; shall show how the movant may be directly affected by the outcome or show that the movant's participation is authorized by statute, rule, or court decision; shall set forth the grounds and purposes for which intervention is sought; and shall indicate movant's statutory right to intervene if one exists.

(b) Any party may object to the motion for intervention by filing a written notice of objections with the hearing officer within five days after service of the motion if there is sufficient time before the hearing. The notice of

objection shall state the party's reasons for objection and shall be served upon all parties. If there is insufficient time before the hearing for a written objection, the objection may be made at the hearing.

(c) When the hearing officer deems it to be necessary to develop a full record on the question of intervention, he may conduct a hearing on the motion to determine specific standards that will apply to each intervenor and to define the extent of allowed intervention.

(d) The hearing officer shall allow intervention upon a proper showing under this Rule, unless he finds that the movant's interest is adequately represented by one or more parties participating in the case or unless intervention is mandated by statute, rule, or court decision. An order allowing intervention shall specify the extent of participation permitted the intervenor and shall state the hearing officer's reason. An intervenor may be allowed to:

- (1) File a written brief without acquiring the status of a party;
- (2) Intervene as a party with all the rights of a party; or
- (3) Intervene as a party with all the rights of a party but limited to specific issues and to the means necessary to present and develop those issues.

11 NCAC 08 .0832 CONTINUANCES

(a) A request for a continuance of a hearing shall be granted upon a showing of good cause. Unless time does not permit, a request for a continuance of a hearing shall be made in writing to the hearing officer and shall be served upon all parties of record. In determining whether good cause exists, due regard shall be given to the ability of the party requesting a continuance to proceed effectively without a continuance. A request for a continuance filed within five days before a hearing shall be denied unless the reason for the request could not have been ascertained earlier.

(b) "Good cause" includes death or incapacitating illness of a party, representative, or attorney of a party; a court order requiring a continuance; lack of proper notice of the hearing; a substitution of the representative or attorney of a party if the substitution is shown to be required; a change in the parties or pleadings requiring postponement; and agreement for a continuance by all parties if either more time is clearly necessary to complete mandatory preparation for the case, such as authorized discovery, and the parties and the hearing officer have agreed to a new hearing date or the parties have agreed to a settlement of the case that had been or is likely to be approved by the final decision maker.

(c) "Good cause" does not include: intentional delay; unavailability of counsel or other representative because of engagement in another judicial or administrative proceeding unless all other members of the attorney's or representative's firm familiar with the case are similarly engaged, or if the notice of the other proceeding was received subsequent to the notice of the hearing for which the continuance is sought; unavailability of a witness if the witness' testimony can be taken by deposition; or failure of the attorney or representative to properly utilize the statutory notice period to prepare for the hearing.

(d) During a hearing, if it appears in the interest of justice that further testimony should be received and sufficient time does not remain to conclude the testimony, the hearing officer shall either order the additional testimony taken by deposition or continue the hearing to a future date for which oral notice on the record is sufficient.

(e) A continuance shall not be granted if granting it would prevent the case from being concluded within any statutory or regulatory deadline.

- (a) The North Carolina Rules of Evidence as found in Chapter 8C of the General Statutes govern in all contested case proceedings, except as provided otherwise in this Section and G.S. 150B-41.
- (b) The hearing officer may admit all evidence that has probative value. Irrelevant, incompetent, immaterial, or unduly repetitious evidence shall be excluded. The hearing officer may, in his discretion, exclude any evidence if its probative value is substantially outweighed by the risk that its admission will require undue consumption of time or create substantial danger of undue prejudice or confusion.
- (c) Contemporaneous objections by a party or a party's attorney are not required in the course of a hearing to preserve the right to object to the consideration of evidence by the hearing officer in reaching a decision or by the court upon judicial review.
- (d) All evidence to be considered in the case, including all records and documents or true and accurate photocopies thereof, shall be offered and made a part of the record in the case. Except as provided in Paragraph (f) of this Rule, factual information or evidence that is not offered shall not be considered in the determination of the case. Documentary evidence incorporated by reference may be admitted only if the materials so incorporated are available for examination by the parties.
- (e) Documentary evidence in the form of copies or excerpts may be received in the discretion of the hearing officer or upon agreement of the parties. Copies of a document shall be received to the same extent as the original document unless a genuine question is raised about the accuracy or authenticity of the copy or, under the circumstances, it would be unfair to admit the copy instead of the original.

(f) The hearing officer may take notice of judicially cognizable facts by entering a statement of the noticed fact and its source into the record. Upon a timely request, any party shall be given the opportunity to contest the facts so noticed through submission of evidence and argument.

(g) A party may call an adverse party; or an officer, director, managing agent, or employee of the State or any local government, of a public or private corporation, or of a partnership or association or body politic that is an adverse party; and may interrogate that party by leading questions and may contradict and impeach that party on material matters in all respects as if that party had been called by the adverse party. The adverse party may be examined by that party's counsel upon the subject matter of that party's examination in chief under the rules applicable to direct examination, and may be cross-examined, contradicted, and impeached by any other party adversely affected by the testimony.

The security deposit shall be applied to the actual cost and any excess shall be returned to the party that submitted it.
